

Turning Waste Into Worth One Machine at a Time

Catalogue

The Green Machine Co. (TGMC) is India's trusted manufacturer of composting and dewatering machines—serving 20+ sectors with ISO 9001:2015 certified systems. We transform organic waste into compost, and community impact—with machines tailored for schools, hospitals, municipalities, temples, and more.

- Pan-India Outreach & Support
- ISO 9001:2015 Certified
- Sector-Wise Cost-Benefit Modeling
- Hands-On Installation & Training
- Proven Results
- Modular Machine
- Odor Control & Organic Additives
- Zero-Dependency Operation

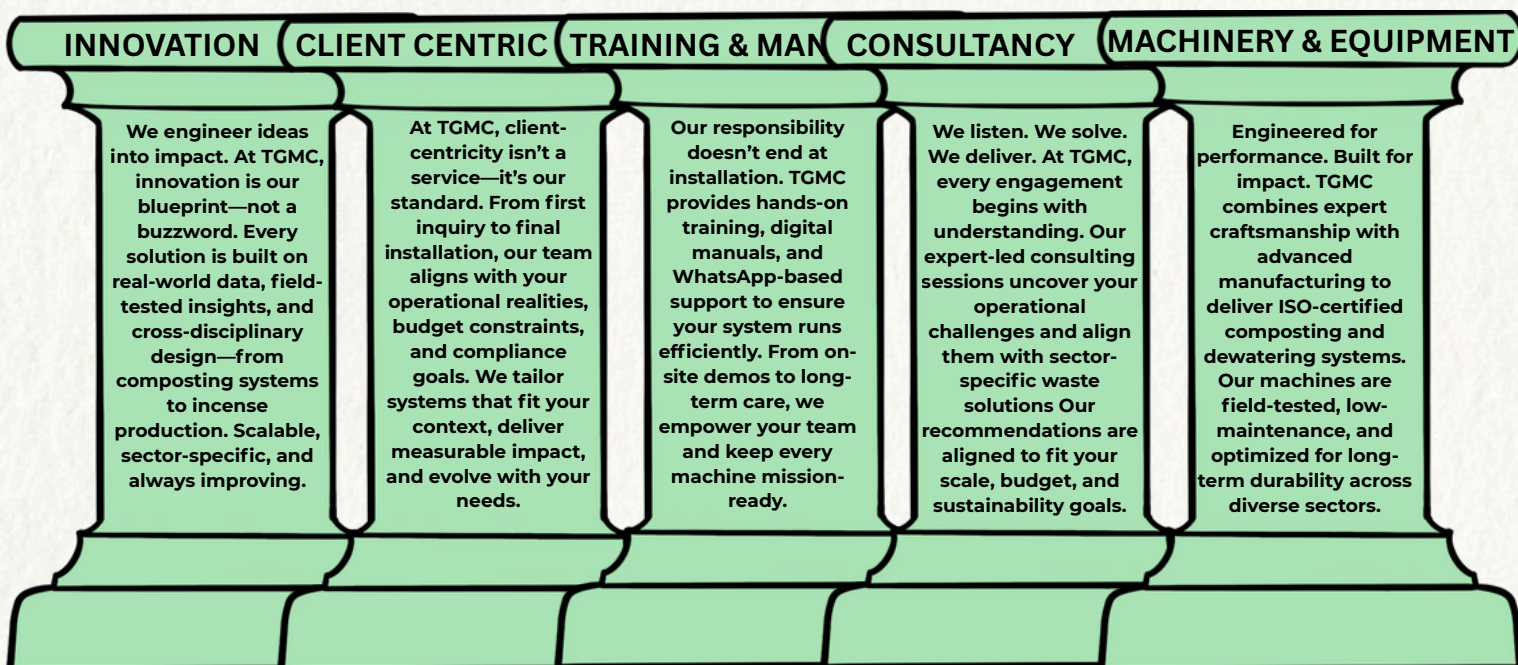

TGMC envisions a future where sustainability is engineered, not improvised—where every school, hospital, home, and industry transforms waste into wellness. Through innovation, compliance, and pan-India outreach, we build ecosystems of resilience, regeneration, and measurable impact.

- To deliver modular, high-performance waste management solutions that:
- Convert organic waste into valuable by-products like compost and incense
- Enable sector-specific adoption through cost-effective outreach and education
- Uphold environmental compliance and ISO-certified quality
- Foster partnerships that prioritize long-term ecological and social impact

“True innovation doesn’t just solve problems—it regenerates ecosystems”

Built on Five Pillars. Driven by Purpose.

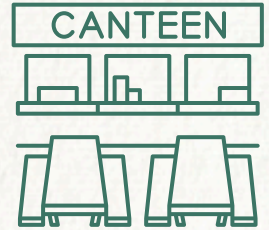

**Ready to turn waste into wellness?
Let's build your solution.**

Features

Built For

WasteWizard Composting System Range

Model	Capacity (in KG)	Power Consumption (KW)	L	W	H	Weight (in Kgs)
GCM 25	25	2.0	1000	800	900	250
GCM 50	50	2.8	1100	900	900	300
GCM 100	100	4.0	1200	1100	1000	500
GCM 150	150	5.0	1300	1100	1100	600
GCM 200	200	6.0	1400	1200	1100	700
GCM 500	250	9.0	2300	1400	1200	1100
GCM 1000	1000	12.0	3100	1600	1500	1900

Let's Build a Greener Future Together
