

Turning Waste Into Worth. One Machine at a Time

Catalogue

The Green Machine Co. (TGMC) is India's trusted manufacturer of composting and compacting systems—serving 20+ sectors with ISO 9001:2015 certified technology. Our organic waste compactors compress high-volume wet waste into dense, manageable blocks—reducing volume, and transport costs. TGMC's compactors streamline waste handling while supporting cleaner, more efficient operations

- Pan-India Outreach & Support
- ISO 9001:2015 Certified
- Sector-Wise Cost-Benefit Modeling
- Hands-On Installation & Training
- Proven Results
- Modular Machine
- PLC Controlled
- Zero-Dependency Operation

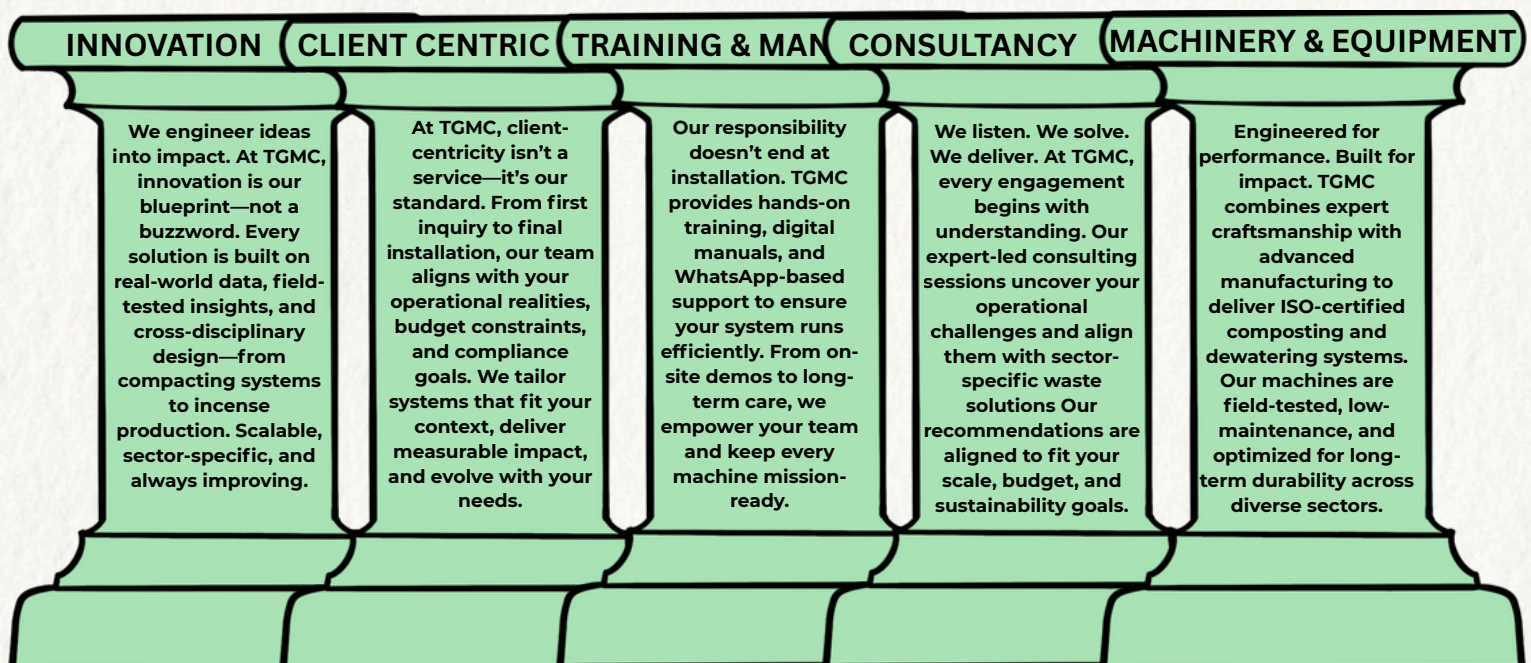

TGMC envisions a future where sustainability is engineered, not improvised—where every school, hospital, home, and industry transforms waste into wellness. Through innovation, compliance, and pan-India outreach, we build ecosystems of resilience, regeneration, and measurable impact.

- To deliver modular, high-performance waste management solutions that:
- Convert organic waste into valuable by-products.
- Enable sector-specific adoption through cost-effective outreach and education
- Uphold environmental compliance and ISO-certified quality
- Foster partnerships that prioritize long-term ecological and social impact

“True innovation doesn’t just solve problems—it regenerates ecosystems”

Built on Five Pillars. Driven by Purpose.

**Ready to turn waste into wellness?
Let's build your solution.**

Features

stainless steel structure

Built For

The Incredishedd Shredding System Range

Model	Capacity/ Hr (In Kg)	Daily Waste Load in Kg	Motor Power (hp)	L	W	H	Cutting Area (in mm) *	Weight (in Kgs)
GSM 10	25	100	7-10	900	500	700	300x250	400
GSM 20	50	200	10-15	1100	700	800	400x300	450
GSM 30	100	400	10-20	1400	800	900	500x400	500
GSM 40	250	1000	20-30	1650	1000	1000	600x400	700
GSM 50	500	2000	30-40	2700	1100	1100	700x500	1500
GSM 60	1000	4000	50-60	3200	1100	1300	900x700	3500
GSM 70	2000	8000	100-150	5100	1500	1700	1000x900	6000
