

Key Performance of Premium Scale Machine

Machine Batch	400-800 Kg
Processing time	Ready in 10-24 hours
Volume reduction	Up to 80% less Waste
Operation	Automated Control - PLC WITH HMI
Compost Output	30-40% Turned into Fertiliser
Odor	Reduced
Construction	SS 304
Motor	2 to 15 HP
Power Consumption	7 to 20 kW

*All figures are indicative; actual results may vary with input, environment, and usage.
