

Key Performance of Small Scale Machine

Machine Batch	25-100 Kg
Processing time	Ready in 4-6 hours
Volume reduction	Up to 80% less Waste
Operation	Fully Automatic - Load & Walk Away
Compost Output	30-40% Turned into Fertiliser
Odor	Reduced
Construction	SS 304
Motor	0.5 to 3 HP
Power Consumption	1.5 to 4 kW

*All figures are indicative; actual results may vary with input, environment, and usage.
